

AWS Certified Advanced Networking – Specialty

AWS Certified Advanced Networking – Specialty

Course Skills:

- Navigate the AWS Certified Advanced Networking – Specialty exam
- Understand advanced networking concepts in AWS so you can design well-architected networking frameworks for your workloads in Amazon Virtual Private Cloud (Amazon VPC)
- Connect on-premises data centers to Amazon VPC (AWS Direct Connect, AWS VPN), enabling AWS to function as an extension of the data center
- Leverage network automation to accelerate workload deployments and app migration
- Incorporate individual application networking requirements that use different AWS services into the overall network design
- Practice network security and network troubleshooting best practices
- Design, manage, and maintain tools to automate operational processes.

Audience:

- Data engineers
 - Solutions architects
 - Network engineers
 - Infrastructure engineers who are preparing to take the AWS Certified Advanced Networking – Specialty exam
-

Course Format:

| <input type="checkbox"/> | <input type="checkbox"/> |
|---|--|
| Присъствен (Classroom) Курс в Учебната ни зала или В Офис на Клиент | Онлайн (Online/Virtual) Курс във виртуална зала с инструктор |

Course Language Option

| <input type="checkbox"/> | <input type="checkbox"/> |
|------------------------------|----------------------------|
| Български (Bulgarian) | Английски (English) |

You can choose the language in which the training will be conducted – Bulgarian or English. All our instructors are fluent in English.

Student Guides:

The training materials are available in electronic format. They can be used online / offline on any device. Lifetime access.

Lab Environment:

Each student has their own lab environment where the exercises are conducted, part of the course. You do not need to install software on a computer or special hardware requirements. Participants in a face-to-face format in our Training Center have an individual computer during the training.

At Course Completion:

|  |  |
|---|---|
| Lifetime Access - Video Archive 24/7 | Certificate of Course Completion |

Lifetime access to a video archive with recording of each individual lecture.

Official internationally recognized certificate for completed training course.

Course Duration:

- 3 working days (09:00 – 17:00)
or
 - 24 hours training (theory and practice) in non-working hours lasting 2 weeks
Saturday and Sunday 10:00 – 14:00, 14:00 – 18:00, 18:00 – 22:00
Monday and Wednesday 19:00 – 23:00
Tuesday and Thursday 19:00 – 23:00
-

Payments:

An application for an invoice is accepted at the time of enrollment in the respective course.

An invoice is issued within 7 days of confirming the payment.

Next Class:

- There are no upcoming events.

For more information, use the contact format. We will contact you to confirm the data.

Prerequisites:

- A current AWS Certified Cloud Practitioner or Associate-level AWS Certification
- Two or more years of hands-on experience in maintaining and implementing large-scale networks

This Class will teach you how to pass the following exams:

- **AWS Certified Advanced Networking – Specialty**
