

ISO 22301 Foundation

ISO 22301 Foundation (PECB)

About this Course:

- This training course is designed to help participants understand the fundamental concepts and principles of a business continuity management system (BCMS) based on ISO 22301. By attending this training course, participants will learn more about the structure and requirements of the standard including the BCMS policy, the top management's commitment, internal audit, management review, and continual improvement process.

After attending the training course, you can sit for the exam and, if you successfully pass it, you can apply for the "PECB Certified ISO 22301 Foundation" credential. A PECB Foundation certificate shows that you have knowledge on the fundamental concepts, principles, methodologies, requirements, framework, and management approach used in business continuity.

Course Goals/Skills:

- Acknowledge the correlation between ISO 22301 and other standards and regulatory frameworks
 - Understand the components and the operation of a BCMS based on ISO 22301 and its principal processes
 - Understand the concepts, approaches, methods, and techniques used for the implementation and management of a BCMS
