# ISO 31000 Foundation

## ISO 31000 Foundation (PECB)

## About this Course:

- The [ISO 31000](#) Foundation training course presents the basic principles and approaches of managing risks and opportunities based on the guidelines of ISO 31000. This training course focuses on the main components of ISO 31000: basic terms and definitions, principles of risk management, risk management framework, and risk management process. In addition, each step of the risk management process is analyzed and elaborated individually.

  Upon completion of the training course, you can sit for the exam and apply to obtain the "PECB Certified ISO 31000 Foundation" credential. The credential demonstrates that you understand the fundamental concepts and methodologies for risk management, based on the guidelines of ISO 31000.

# Course Goals/Skills:

- Get acquainted with the concepts and principles of ISO 31000
- Understand the guidelines of ISO 31000 for risk management
- Understand the basic approaches, methods, and practices that can be used for the integration of risk management in an organization
