

ISO/IEC 27701 Introduction

ISO/IEC 27701 Introduction (PECB)

About this Course:

- ISO/IEC 27701 Introduction training course enables the participants to understand the basic concepts of information security and the privacy information management system. By attending this training course, participants will learn more on the structure of the standard, including its requirements and controls. Moreover, during this training course, advantages of gaining an ISO/IEC 27701 certification and the certification audit preparation are discussed.

Course Goals/Skills:

- Get acquainted with the concepts and requirements of ISO/IEC 27701 for the establishment, implementation, and management of a privacy information management system (PIMS)

- Understand the basic elements of a privacy information management system (PIMS) based on the requirements of ISO/IEC 27701
