PSM – Professional Scrum Master II Training

Professional Scrum Master II Training

About this Course:

- Professional Scrum Master II (PSM II) course is a 2-day advanced Scrum Master class designed to support Scrum Masters in their professional development. The PSM II course is intended for Scrum Masters with at least one year of experience who are looking to grow their knowledge and abilities as a Scrum Master. This course is one step in that journey. The course also includes a free attempt at the globally recognized Professional Scrum Master II (PSM II) certification exam.Unlike the Professional Scrum Master (PSM) course which focuses on how to use Scrum, the Scrum framework and the role of the Scrum Master, PSM II is an advanced course helping students to understand the stances that characterize an effective Scrum Master and servant-leader while diving deep into how they serve the Developers, Product Owner and organization. The course then teaches students about related practices and skills to enable them to have the

right types of conversations and how to apply them to become better Scrum Masters.

Course Goals:

- The Scrum Master role is complex and often, a Scrum Master must be able to apply different stances in order to be effective, such as:
    - The Scrum Master as a Teacher
    - The Scrum Master as a Coach & Mentor
    - The Scrum Master as a Facilitator
    - The Scrum Master as a Change Agent

Audience:

- Unlike the Professional Scrum Master (PSM) course which focuses on how to use Scrum, the Scrum framework and the role of the Scrum Master, PSM II is an advanced course helping students to understand the stances that characterize an effective Scrum Master and servant-leader while diving deep into how they serve the Developers, Product Owner and organization. The course then teaches students about related practices and skills to enable them to have the right types of conversations and how to apply them to become better Scrum Masters.
